Thank you so much for your interest. Dr. Annette Schippel is actually located in Illinois, but she consults with patients and health professionals all over the US. Consultation rates for patients consulting via phone are a \$50 flat rate plus \$1.50 per minute. An initial consultation takes between 30-45 minutes but depending on the depth of a person's health history could take longer. Dr. Annette will use this time to go over your health history forms with you as well as answer any questions that you might have. During this phone consult, she will also make her recommendations for any saliva or hair testing that she wishes for you to have done. For follow-up consultations you should typically allow 15 minutes per test result.

To become a new patient, simply fill out the forms that I will be attaching to this email. Fax them back to my attention at 217.245.2524. Once I receive your paperwork I will call you to schedule your initial consultation, which we generally schedule a week out in order to allow Dr. Annette proper time to review your case history. When I call you I will need to obtain a credit card number to keep on file, as your consultation fees will be billed to your card immediately following your session. We accept Visa, MasterCard, and Discover. If you should have any further questions, you may contact me by phone or by email.

Sincerely,

Jessica Withee

Office Manager & Assistant to Dr. Annette Kutz Schippel
